

igloohome

## Padlock

Protect what you love.

The igloohome Padlock strikes the perfect balance between security and convenience. Built with versatility in mind, it is the most flexible padlock that allows for time-sensitive access. Jam-packed with features for convenient access control, the Padlock is great for a variety of use cases.

### Long Shackle

Allows for a more customised fit for different uses.

### Protective Silicone Case

One complimentary set with every Padlock. Provides added protection against scratches and dust.

MOBILE APP ENABLED

### Mobile app-enabled

The Padlock works together with the igloohome app to allow asset and property owners to grant access remotely via PIN codes and Bluetooth keys.

The owner can choose to grant permanent, duration, one-time or recurring access for convenience and security. These can be customised for each visitor, ensuring your asset or property is always secured.

PIN code logs and battery status are updated when the lock is synced with the app in Bluetooth range. Bluetooth key unlock logs are updated in real-time remotely.

The app is available for both iOS & Android devices.

TYPES OF ACCESS

### Works offline

Even with its remote capabilities, the Padlock works offline for enhanced reliability and security. There's no worries of WiFi hacking or network instability.

It features the innovative algoPIN™ technology which makes our security products suitable for properties with weak or no WiFi connections at all. There's no need to download an additional app to receive PIN code access.

## Features

### Heavy Duty

The Padlock can withstand >15kN cutting force and >25kN pulling force, making it a tough nut to crack.

### Security Lockout

Keypad is disabled after several incorrect access attempts to ensure your property is always secure.

### Auto Lock

The Padlock automatically locks once the shackle is closed to give you a greater peace of mind.

### Relock Reminder Alert

The reminder alerts users when they forget to close the Padlock.

### Decoy PIN Code

Heighten security and throw off onlookers by entering random digits before your actual PIN code.

### Low Battery Alert

Intuitive audio and visual alerts will prompt you to change the batteries when it runs low.

### Emergency Jumpstart

Easily jumpstart the Padlock with a 9V battery as an emergency measure if batteries are drained.

### Obstruction Alarm

The lock will sound an alarm if the shackle cannot be inserted fully to alert the user of any obstructions.

### Instant Access Request

Approve and send Bluetooth keys to the right people instantly when they request for access by scanning the unique QR code.

### Volume Control

Adjust the volume according to your preference. Select from levels 0 (mute) to 5 (loudest).

### Shackle Versatility

Shackle can be in 'retained' or 'removable' configurations to cater to different needs. It is also interchangeable to fit the long shackle\* for enhanced deployability.

*\*The long shackle is sold separately as an accessory.*

### Airbnb Integration

Airbnb hosts can also integrate their calendars with the lock for automatic generation of PIN codes for guests, with no extra fees.

### API & SDK Integration

We provide APIs and SDKs for seamless integration across several platforms.

## Specifications

<b>Model Number</b>	IGP1
<b>UPC</b>	603784205557
<b>EAN</b>	0603784205557

<b>Dimensions</b>	55 (W) x 70 (H) x 32 (T) mm
Body	2.17 (W) x 2.76 (H) x 1.26 (T) in
Shackle -	26 (W) x 24 (H) mm
Inner Clearance	1 (W) x 0.94 (H) in
Shackle - Diameter	9mm / 0.35in

<b>Weight</b>	
Net	0.45 kg / 1 lb
Gross (with packaging)	0.55 kg / 1.2 lb

<b>Material</b>	
Body	Zinc Alloy, Stainless steel
Shackle	Hardened steel

<b>Operations</b>	
Modes of Access	PIN Code, Bluetooth Key
Operation Temp.	-20°C to 50°C / -4°F to 122°F
Power Type	CR2 Lithium Battery
Battery Life	Up to 12 months
Battery operating temp.	-20°C to 60°C / -4°F to 160°F
Emergency Power	9V Alkaline Battery

<b>Others</b>	
Warranty	1 year warranty
Usage	Advised to be installed under sheltered areas, not to be exposed to wet weather conditions.
Country of Origin	Designed in Singapore, Made in China
Packaging Details	Individual: 10.5 (W) x 4.5 (D) x 12.5 (H) cm Carton: 28 (W) x 26 (D) x 22.5 (H) cm
Certifications	CE, FCC, IP66
